Portable TV/ Video Viewing and Recording

Not much bigger than a typical USB thumb drive, TV2GO is the best solution to turn your notebook PC into an entertainment center. With built-in mini TV tuner and 480 Mbps high speed USB 2.0 interface, TV2GO allows you to view video or TV show directly on your notebook or PC.

High Quality MPEG-1/MPEG-2 Recording

TV2GO can be used to record Video or TV show in DVD quality. With bundled MPEG-1/ MPEG-2/MPEG-4 Encode software, you can easily record your favorite Video or TV program. You can use MPEG editor to edit it and burn it into DVD by using DVD Maker .

TV Remote Control

TV2GO includes a 28-key card type remote control. It is as convenient as using a regular TV remote control.

No Power Adapter needed

TV2GO dose not need any external power source at all. The low p ower consumption design allows TV2 GO to use USB bus power.
